

Emergency Housing Grants | Jul 2026 |

Emergency housing is short-term accommodation (usually in motels) for individuals who have an urgent need because they are unable to remain in their usual place of residence. Clients may be eligible for an Emergency Housing Grant if they cannot access accommodation and we have explored all the other options available to them. Grants can cover between one and 21 nights of accommodation at a time.

Commentary

There were 426 households in emergency housing (EH) as at the end of July 2026, 36 fewer than the previous month.

In most regions, the number of households in EH remained stable from June to July 2026. The largest change was in Auckland, which had 18 fewer households in EH, a fall of 19%.

As at the end of July 2026, the number of children in EH was 417, a fall of 66 or 14% from the previous month.

Note: Households living in Contracted Emergency Housing (CEH) in Rotorua are not included in this reporting. The new model is being piloted in Rotorua. Reporting of the number of households in CEH is currently unavailable. Random rounding has been applied to these figures. Figures in tables may not add up to the total due to random rounding.

Social Housing Register | 31 Jul 2026 |

The Social Housing Register is a non-time-bound list of all applicants eligible to be placed in social housing. Applicants complete a social housing assessment which determines eligibility and priority for social housing against an agreed set of criteria, which is then used to assist the social housing provider in matching to the most appropriate property.
