KAIWHAKAORANGA SPECIALIST CASE MANAGEMENT TEAM

The Ministry of Social Development (MSD) set up the Kaiwhakaoranga Service in April 2019 to provide wrap around support services to the community affected by 15 March 2019 Mosques attacks. The team provides one point of contact and facilitates access to services across a range of Government agencies and Non-Government organisations.

Case Managers from ACC and Immigration NZ joined MSD earlier this year to increase the knowledge and expertise within the team. There is also a dedicated Work Broker who helps people find work and employers find staff.

INCOME LIMIT CHANGES

The Government has agreed to temporarily increase income limits for hardship assistance, meaning more people may be eligible for hardship assistance from 1 November 2021 until 28 February 2022. This increase means casual or part-time workers, or people who aren't already getting financial support may be eligible for help with their immediate or emergency costs. BUYING YOUR FIRST HOME

WITH A HELPING HAND FROM KĀINGA ORA - HOMES AND COMMUNITIES

Buying your first home is a big and exciting undertaking. Whether you're just starting out on your journey and thinking about buying a home to call your own, or close to finding the home that is right for you, Kāinga Ora has a range of products designed to support first home buyers toward their aspirations of home ownership.

First Home Grant

If you've been making regular KiwiSaver contributions for 3 - 5 years and are looking to buy a home, you may be eligible for a First Home Grant of up to:

- \$10,000 per buyer for a new home
- \$5,000 per buyer for an existing home.

More information is available at kaingaora.govt.nz/first-home-grant

First Home Loan

First Home Loans make it easier for you to get into your first home. Finding the 20% deposit needed to purchase a home can often be a struggle, but with a First Home Loan you only need a 5% deposit. First Home Loans are issued by selected banks, building societies and credit unions, and are underwritten by us, Kāinga Ora. This allows the lender to provide loans that would otherwise sit outside their standard lending requirements.

First Home Partner

If your deposit and home loan aren't enough to buy a home, First Home Partner can help bridge the gap. First Home Partner is a new shared ownership scheme launched in October 2021 to support first home buyers.

Shared ownership means that you initially share ownership of the home with a third party who purchases the home with you (in this case Kāinga Ora). You are the majority homeowner and occupier, but we will own a share in the home in return for making an equity contribution toward the home purchase. You then buy this share out over time.

In addition to meeting the First Home Partner eligibility criteria, you will need to meet the lending requirements of a participating bank to receive a home loan and be able to contribute a minimum of 5% of the purchase price of the home you are interested in buying. The maximum contribution Kāinga Ora will make towards a home purchase is 25% or \$200,000 – whichever is lower.

More information is available at kaingaora.govt.nz/first-home-partner

If any of these sound like they could help you on your journey to home ownership, you can check your eligibility online with our First Home Decision Tool.
