

Help to get and stay in rentals

Help for renters

Talk to us if you need help with your rent or housing costs. We offer financial support to people get into or stay in private rentals. This includes students and people over 65.

You don't have to be on a benefit to get help. You may also be eligible if you're on a low income.

The support you get will depend on your circumstances, income and assets.

Ongoing help with rent

If you need help to pay your rent or board, you may be able to get a regular payment called Accommodation Supplement. It's not available to people in public housing.

If you need further help to cover your rent or other essential living costs, you may also be able to get Temporary Additional Support. It can be paid for up to 13 weeks at a time.

Paying overdue rent

If you're behind with rent, act early. Talk with your landlord about a plan to pay your overdue rent. If this isn't possible, we may be able to help so you don't lose your home.

You may be able to get a Rent Arrears Grant. You'll need to pay this money back.

Bond and rent in advance

If you've found a place, we may be able to help you pay bond and rent in advance.

Talk with us and we'll work out what support you can get. It may be a Bond or Rent in Advance Grant. You'll need to pay this money back.

Moving house

A Moving Costs Grant can help with things like trailer or truck hire. It can also be used for movers, if you can't help with the move yourself, for example because of age, illness or disability.

You'll need to pay this money back.

Help getting a rental property

If you're looking for a place to live but it's hard to find one because of your personal situation, we may be able to help by giving you a Tenancy Costs Cover letter that can be given to a landlord.

How to apply

You can apply in person or by phone
